(plus a lot of other things!!)

LAST MEETING

The meeting of April 3, 1970, opened with secretary and treasurer reports, with the Treasurer reporting that we had \$1192.86 in the bank.

Terry Whastenaw EC, announced that there were 13 checkins on the first Net night, April 2.

Steve Sanborn and Bill Yaeger, WB8ESM, were accepted into membership.

Station QSL cards were discussed.

\$50.00 budget was moved and passed.

Trustee spoke about unauthorized operation of equipment at Swap and Shop. Lynn Tennant moved to extend her motion to table the motion to

buy WB8BOI's HQ-110. And it was approved to have a permanent auditing committee and its first

members are WA8FGK, WB8BQC, and W8DOU. Meeting adjourned to program.

NEXT MEETING

TIME: 2000 E, FRIDAY, May 1, 1970

PLACE: Red Cross, 2729 Packard Rd., Ann Arbor, Michigan

PROGRAM: Film on Radio Shop Technique; showing tools used by radio technician and demonstrates orthographic projection, sawing and filing, drilling, bending metal, wiring and soldering in making a regenerative receiver. It's a very interesting film and everyone should come and see it.

A complete listing of all members of the HVARA as of April 22, 1970, is enclosed in this month's GRID LEAKS.

BOARD MEETING

The regular April board meeting was held at the Red Cross on April 14, 1970. In attendance, were Jack Stiles, Mike DeFrancesco, David Lieberman, Steve Sanborn, Terry Babenko, Mike Carter, Mark Kiehl, Cecil Hebrew, Jack Juni, Glen McDowell (non-member) and Yours Truly (WB8AEV). The following things were decided: Postcards are to be mailed to every county amateur again this month. \$25 was allocated to the Secretary for official expenditures, a fluorescent fixture was to be purchased for the Shack, and 3 headsets were allocated for the Shack.

The next Board Meeting will be held at the Red Cross, May 12, 1970, promptly at 2000 (+30 min).

GRID LEAKS is published monthly by the HVARA, and mailed to all members via our Not-so-Speedy mail service. Send notice of change of address to Secretary. Editor: WB8AEV.

Does your wife like to be called a BLOCKHEAD?????????????

That term, XYL, so dearly loved by assorted lads must have some basis for having crept into radiceese. Research has turned up a clue. Encyclopedia of English, edited by Arthur Zeigler, lists some of the rootwords of our language. Near the tail end of the list is XYL, from the Greek XYLE, meaning wood. Maybe it's better for your wife to believe you're calling her a blockhead than an ex-young lady. No women delight in being told that she's no longer young and no longer allady. Note you can't go wrong with MYL - Married young lady. Wat Sa boys??? --Tnx George W8AP, Collector and Emitter, DARA via Grandpa, W8MWC, Editor, SRABS

FIELD DAY BULLETIN: Upon recommendation of the ARRL Contest Advbrosy Committee, the 1970 Field Day rules will include several new featurss. The field day period will be advanced one hour to start at 1800 GMT June 27 and end at 2100 GMT June 28. Time sharing devices will be expressly prohibited. Any Class A group manning four or more transmitters simultaneously will be allowed to set up a Novice-only station without changing the basic entry classification. Field Day rules are now available upon request and receipt of a S.A.S.E., to ARRL, 225 Main St., Newington, Connecticut, Attention-Field Day.

In the corner radio store the other day I heard two hams and several CBers carryngon their usual argument when an old lady interrupted and said, "Gentlemen, I have been hearing a radio operator on my stereo recently." Assuming it was one of the hams responsible, a CBER asked her professionally, "Did you get the call letters of the station?" She replied, "Yes. It was 10-4." Tnx Metro A.R.C. bulletin.

COPIES? NEWS? TIDBITS? New rig, country, etc? Let us know-WB8AEV

Reminder that our next net is Thursday at 2100E on 145.260.
(and everythursday too.)

Anyone having a schematic for a CONELRAD monitor please see WB8AEV.

WANTED: Lionel trains and old, old trains. Cecil Hebrew, W8ENZ.
